14|27 Amazia | 95% Amasia, 5% Muscat d’Alexandria | 11.5% ALC

Our Amasia based white wine is made from the high acid, low alcohol variety – with a small percentage of Muscat d’Alexandria to compliment the citrus and floral notes with a wild honey characteristic. It’s sun flower and dandelion floral palate is enticed by the smell of fresh raw (un-buttered) popcorn on the nose. It is the perfect white wine with raw bar and ceviche, a spritz or sangria.

“Smooth, juicy and minerally; ripe, dense and balanced showing depth and style; rich, juicy and long with clean, appealingly unique flavors.”
